Reimbursed at \$50 per single family home, commercial lot, or Homeowners Association. Limit of one controller.

- Rebates are limited to participation by current Parker Water & Sanitation District customers (property owners) only and account must be in good standing.
- Participants in this Rebate Program understand “rebate funds” are limited for this program, and funds are given on a first-come, first-served basis; and under no terms is the participant guaranteed a rebate in this program.
- Approved rebates will be applied directly to the billing statement for the account listed above within 1-2 billing cycles. Any alternative payment method must be arranged by phone at (303) 841-4627.**
- Participants understand this Rebate Program is for the cost of approved devices only. Installation costs are not covered by this Rebate Program.
- Participants understand that the Parker Water & Sanitation District does not endorse or recommend any contractor. Nor does the Parker Water & Sanitation District warrant the performance of any approved device.
- Participants understand the Parker Water & Sanitation District is reviewing installation photos of installed approved devices **ONLY** for evidence of completion of installation. No inspections for proper installation will be conducted by PWSD.
- Participants understand that actual water savings will vary by user, and water savings are not guaranteed by the Parker Water & Sanitation District.
- Participants understand the Parker Water & Sanitation District cannot be responsible for any materials lost by mail.
- All information must be completed on the first page of this rebate form and the original receipt(s)/photo(s) attached.

Neither the Parker Water and Sanitation District, nor their contractors or agents, makes any representation or warranty regarding the approved devices eligible for rebates under this Irrigation Efficiency Rebate Program. By participating in the rebate program, the participant waives and releases the Parker Water & Sanitation District and their contractors or agents from any and all claims and causes of action arising out of the purchase, installation or use of any devices purchased in connection with the irrigation Efficiency Rebate Program. Any claim a participant may have based upon any defect or failure of performance of an approved device purchased by the rebate participant must be pursued with the manufacturer/distributor of such device.
